

e-referral system maintenance times and what to do

For Blue Cross commercial, Medicare Plus Blue SM, Blue Care Network commercial and BCN Advantage SM

Revised October 2025

In this document

General information about e-referral maintenance	1
How to submit requests when the e-referral system is undergoing maintenance	1
Monthly e-referral maintenance (outage) schedule	2

Using the e-referral system is the most efficient way to submit a prior authorization request to Blue Cross Blue Shield of Michigan and Blue Care Network and to check the status of the request.

In this document, we outline options for submitting prior authorization requests to Blue Cross or BCN when the e-referral system is undergoing maintenance.

General information about e-referral maintenance

We perform maintenance on the e-referral system as follows:

- We take the e-referral system out of operation on a monthly basis while we perform
 maintenance on it. During those times, you won't be able to use it to submit referrals plan
 notification, or prior authorization requests; to upload clinical documentation; to check the
 status of an authorization request; or to do anything else you typically do in the e-referral
 system.
- We also perform maintenance on the e-referral system outside of the identified monthly times. At these times, providers may experience slowness or unexpected errors while using the e-referral system.

We apologize for any inconvenience this may cause.

In either situation, refer to the options outlined below.

How to submit requests when the e-referral system is undergoing maintenance

Here's some information on how to process requests while the e-referral system is unavailable or isn't performing as expected:

- For <u>non-urgent</u> authorization requests: Wait and submit these when the e-referral system is available again or is performing as expected.
- For <u>urgent</u> requests that need to be processed before the e-referral system is available again: Call or fax as outlined in the following table.

Note: Faxes received after business hours will be processed the next business day.

e-referral system maintenance times and what to do

For Blue Cross commercial, Medicare Plus Blue SM, Blue Care Network commercial and BCN Advantage SM

Revised October 2025

Service	Line of business	What to do (for urgent requests only)

Post-acute admissions and concurrent reviews	All members	Complete the <u>LTACH assessment form</u> or the <u>SNF/acute IPR assessment form</u> and fax it to the number shown on the form.

Note: Faxes received after business hours will be processed the next business day.

Monthly e-referral maintenance (outage) schedule

Here's the schedule for upcoming monthly maintenance for the e-referral system, so you can plan ahead. These are the times the e-referral system will be unavailable.

Note: All times are Eastern time. Also, this schedule may change; we'll let you know when that's expected to occur.

Month	System unavailable from:	System unavailable through:
October 2025	7 a.m. on Saturday, Oct. 18*	10 p.m. on Sunday, Oct. 19*
November 2025	7 a.m. on Saturday, Nov. 15*	10 p.m. on Sunday, Nov. 16*
December 2025	7 a.m. on Saturday, Dec. 20*	10 p.m. on Sunday, Dec. 21*

^{*}The e-referral system will not be available at all during the times listed in the table. On Sunday, the system will be available by 10 p.m. and may be available earlier if maintenance tasks are completed. We expect the system to be available during the remaining time over the weekend, although you may experience minor performance issues.
