

Follow these steps to submit prior authorization requests when prescribing most drugs covered under the medical benefit for Blue Cross Blue Shield of Michigan and Blue Care Network commercial members.

Note: The information below doesn't apply to oncology medical benefit drugs.

Michigan prescribers

To submit prior authorization requests electronically:

1. Log in to our provider portal (availability.com*).
2. Click *Payer Spaces* on the menu bar and click the BCBSM and BCN logo.
3. Click the *Medical/Pharm Drug Benefit Prior Auth (Commercial)* tile on the Applications tab.
4. In the Medical and Pharmacy Drug PA Portal, click the *Authorization* menu and select *Add New*.
5. Enter the member's last name, date of birth, subscriber ID and authorization start date.
6. Click *Search* and then select the appropriate member in the member list.
7. Complete all required fields and submit the request.

If you're registered for Availity Essentials™ but aren't able to access it, submit the prior authorization request using the *Medication Authorization Request Form*, or *MARF*, that's on the next page. Fax it to the number on the form.

Non-Michigan prescribers

When submitting prior authorization requests, prescribers located outside of Michigan should complete the appropriate steps on the [Getting Started](#) page on ereferrals.bcbsm.com. Look in the *Submit prior authorization requests* section.

If a non-Michigan prescriber is unable to submit a prior authorization request using the instructions on the webpage, submit the request using the *Medication Authorization Request Form*, or *MARF*, that's on the next page. Fax it to the number on the form.
