

How to request a peer-to-peer review with a Blue Cross or BCN medical director

For Blue Cross commercial, Medicare Plus BlueSM, Blue Care Network commercial and BCN AdvantageSM

Revised March 2025

This document explains what providers need to do to request a peer-to-peer review with a Blue Cross Blue Shield of Michigan or Blue Care Network medical director about services for which a prior authorization request has been denied by Blue Cross or BCN.

The purpose of a peer-to-peer review of a determination on either an inpatient or outpatient prior authorization request is to exchange information about the clinical nuances of the member's medical condition and the medical necessity of the services.

Note: The processes described below don't apply to prior authorization requests denied by vendors who manage the prior authorization process for various services on behalf of Blue Cross or BCN.

Non-behavioral health services

Follow the instructions for the appropriate type of service and line of business.

Type of service	Lines of business	What to do
Inpatient non-behavioral health non-elective admissions — in acute care hospitals for medical and surgical admissions	All [†]	For facilities in Michigan, submit requests through the e-referral system for cases with "Status 4 – Partially Approved" or "Status 5 – Partially Denied". Choose the appropriate option in the Actions sections. Complete the questionnaire.
		Within one business day of submission, we'll call and enter a note in the Case Communication section stating the date and time of the review or requesting additional dates and times.
		If a questionnaire doesn't open or you have questions about the status of a request after checking the e-referral system, send an email to ProviderInptAppealsP2PInquiry@bcbsm.com .
		For detailed information, see the "Submit an inpatient authorization" section in the <u>e-referral User Guide</u> .
		Note: For Blue Cross commercial, BCN commercial and BCN Advantage members, facilities outside of Michigan should submit requests for peer-to-peer

When to request a peer-to-peer review or an appeal for non-behavioral health services

The option to request a peer-to-peer review is available as follows.

Note: You can submit a request for an appeal without completing a peer-to-peer review.

For	Details
Blue Cross commercial and BCN commercial	If you want a peer-to-peer review, you must request it before submitting a provider appeal.
	If Blue Cross or BCN denies a first-level provider appeal, you can request a second-level provider appeal. The decision on a second-level provider appeal is binding and final.
Medicare Plus Blue	We don't accept requests for peer-to-peer reviews for Medicare Plus Blue. Instead, follow the two-level provider appeal process.

BCN Advantage	If you want a peer-to-peer review, you must request it before submitting a provider appeal.
	For prior authorization requests denied during or after a service or admission is provided, you can either request a peer-to-peer review or submit an appeal.

Note: For more information about appeals, refer to the appropriate provider manual.

General guidelines for non-behavioral health requests

Requests for peer-to-peer reviews of non-behavioral health determinations on non-elective inpatient and outpatient services must follow these guidelines:

- Requests for peer-to-peer reviews of hospital inpatient admissions must be submitted within seven business days of the date the initial prior authorization request was denied.
 - Note: We won't accept peer-to-peer review requests for hospital admissions of Medicare Plus Blue members. Instead, follow the two-level provider appeal process for Medicare Plus Blue.
- Submit requests only for denials that are based on medical necessity.
 - Note: If a prior authorization was denied for administrative reasons for example, if the member was not eligible, the service was not a covered benefit or someone other than the member's assigned primary care physician made the referral a peer-to-peer review isn't possible because the medical director wasn't the person who denied the prior authorization request. You must request appeals for administrative denials.
- Don't submit a request for a denial of a member's appeal or grievance. We don't accept requests for peer-to-peer reviews for denials related to appeals or grievances.
- When you request a peer-to-peer review using the Physician peer-to-peer request form, you must submit a separate form for each request. We can't accept a form that has information about more than one member. We also can't accept a form used as a face sheet with information about different members attached to it. The reason is that when you fax a form to us, we upload it to the member's case in the e-referral system along with any attachments you sent with it. If a form uploaded to one member's case has information about other members on it or attached to it, it's a violation of the Health Insurance Portability and Accountability Act.
- Don't submit clinical information after a prior authorization request is denied. Refer to the instructions in the denial letter to request a peer-to-peer review or to appeal the denial. If you request an appeal, it will no longer be possible to have a peer-to-peer review.
- If you miss or refuse to complete a peer-to-peer review with the assigned Blue Cross or BCN medical director, it won't be rescheduled. You'll have to file an appeal.
